### Civic Engagement 2017

The 2017 Civic Engagement for the Institute for the youth was huge success. We had a great group of intelligent youth this year from local high schools. We would like to say thank you to Detectives Ira Roberts, 2nd Lt. Harry Bradley, and Mrs. Dangerfield as they helped support, gave positive feedback, and inspirational insight to our youth. We would also like to thank Southeastern Louisiana University, Delta College, and the US Army representatives for informing our students of options for future success. The kids not only received an award but a small stipend for attendance.
